

Blue/White Card-Construction

Construction Induction Blue/White Card ONLINE

It's compulsory for people working on construction sites in Western Australia to get a Blue/White Card (Work safely in the construction industry).

The MPA/AVELING Blue/White Card online training course has the following benefits:

- Do it whenever you want**
 The training course is available 24 hours a day, seven days a week. You can take the course anywhere with a standard PC that has an Internet connection.
- Take it at your own pace**
 The course keeps track of your progress. This means you can take the course over several days or weeks if needed.
- Skip content you already know**
 Have you been in the industry and know your stuff? You can take a test at the beginning of the topic. Depending on the outcome, you can skip part or all of the content in the topic.
- Pay only on completion**
 Not sure whether online training is for you? Give the WA Blue/White card course a go with no obligation. If you don't finish, you don't have to pay. Course cost is only \$90.00* (with up to 80% subsidy through BCITF if eligible). *additional costs for express post and pickup will apply.
- Group bookings also available**
 If you're an employer, our streamlined process is the quick and efficient way of paying for your employees

Content

- OSH-the law, your employer and you
- Managing risks in the workplace
- Staying safe in the construction industry
- Environment and other considerations

From the 1st Sept 2009 across all States and Territories, including here in WA, both types of WA cards (Blue or White) are accepted by the regulatory authority as evidence that induction training has been completed.
